

Columbia County Voter's Pamphlet

General Election November 3, 2020

Dear Columbia County Voters:

The Columbia County Voters' Pamphlet is published to inform voters with regard to the local candidates and measures from local jurisdictions within the boundaries of Columbia County. I would like to take this opportunity to pass on to you information regarding the November 3, 2020 General Election and your ballot:

- **Oregon Vote by Mail.** Oregon has been an entirely vote by mail state for 20 years. Ballots are mailed to all eligible registered voters 20 days prior to the election. Check and, if necessary update, your registration at www.oregonvotes.gov. An update there will take effect next day.
- **Ballot mailing dates.** Ballot packets will be mailed to the county at large October 14th. Expect to see your ballot during the week of October 19th - October 23rd. After this week, if you have not received your ballot then you should consider requesting a replacement ballot.
- **Early voting.** You can vote and return your ballot at any time once you have received it. Returning your vote early is encouraged and greatly appreciated. An early return affords time and insurance your ballot is returned on time, more opportunity to resolve issues such as unsigned ballots, and would result in a higher reported return rate at 8 pm Election Night.
- **Returning your voted ballot by mail.** Voters no longer have to pay for postage to return their ballots by mail so it's an excellent opportunity to vote without leaving home. It is advisable that voted ballots should not be mailed back later than Wednesday, October 28th. If it's Thursday the 29th and you haven't mailed yet, you should deliver your ballot to a local drop site and use a drop box. Ballots received by mail after November 3rd will not be accepted, regardless of postmark.
- **NEW Ballot Drop Boxes at EXISTING locations.** Covid-19 has impacted the accessibility of, and has imposed a requirement for social distancing at, locations that are used for ballot drops. For safety, security and accessibility reasons, ballot drop boxes have been installed at three locations that previously had a drop box located inside their office. **Clatskanie Library, Vernonia Library and Rainier City Hall** now have permanent outside boxes at these locations which will be 24 hour accessible.
- **Voter no longer at your address.** If a ballot is delivered to your residence for someone who should no longer be receiving ballots at your address, please write "RETURN" on the envelope and place it back in your mailbox. If a ballot was sent to someone who has passed away, please write "DECEASED" on the envelope instead.

Make sure your vote counts! Ballots must be received by the Elections Office, no later than 8:00 p.m., Tuesday, November 3, 2020, to be counted. Drop site locations are listed on page 16 of this voters' pamphlet.

It is my honor and privilege to serve as your County Clerk.

Elizabeth "Betty" Huser

I hear your concerns about economic development, safe streets and sidewalks, community parks, needed services during COVID-19, public safety, and good government. Our current council and manager have put Scappoose on a good course; I am eager to help continue that success!

Economic Development

We must have well developed, executable plans for attracting the ideal businesses to our community. We need dedicated marketing personnel and a robust plan to promote our city's specific features that are attractive to those businesses that we see as a good fit for Scappoose.

PRIOR GOVERNMENTAL EXPERIENCE: City Council (appointed) -- City of Scappoose; Board of Directors (appointed) -- Scappoose Rural Fire Protection District

My highest priority is livability for all our citizens. That includes my long-standing commitment to parks and recreation, maintaining a well-trained police department whose officers and staff are friendly, professional and genuinely care about the people they serve, fewer trains coming through town each day and the development of a centralized commercial and business district that meets the needs of a small city and is something in which we can all take pride. Another priority is filling our newly developed 300-acre Columbia Commerce Park (near the airport) with businesses that will enhance our community and pay a fair wage.

Those of us who live here know that Scappoose is a special place. We have great people, excellent schools, a police department that keeps our City among the safest in the State and a geographical setting that is beautiful and unique. I want to build on these qualities to help shape the future of this great City and Community.

My name is Marty Baldwin and my wife and I have lived in Scappoose for fifteen years and are proud to call it HOME. Our grandchildren attend local public school and my family shops, works and recreates here. The future development of Scappoose is paramount to all of us.

- **Create responsible growth of neighborhoods and businesses while continuing to improve the livability of Scappoose.**

I will work to create a fair tax base that benefits both business and homeowners. Looking to future growth will include the need to increase our water capacity development, improve quality of street surfaces, and monitor any proposed new high density housing projects.

- **Develop safe sidewalks for our children in school zones, adjacent neighborhoods and improvement of crossings on Highway 30.**

I propose to implement the gasoline tax funds passed in the last election to address hazardous sidewalk conditions and create new sidewalks around and adjacent to Grant Watts Elementary School and Scappoose Junior High. Safety and construction of ADA approved sidewalks throughout the city helps families and senior citizens alike.

- **Establish incentives for continued development and encourage community pride on Highway 30 and throughout our city.**

Working with the City budget I will continue to encourage adequate funding to support existing parks and invest in the expansion of the new property adjacent to Veterans Park and Chapman Landing on the CZ Trail.

Working together with YOU, we can achieve this and much more.

Thank you again for your vote.

My priorities are to:

1. Continue the work of the City to improve systems and procedures assuring accountability and transparency in city council practice and decisions regarding the use of city finances and resources.

EDUCATIONAL BACKGROUND: Santa Monica College; SoCal Institute of Architecture; California State University, Northridge

PRIOR GOVERNMENTAL EXPERIENCE: 2016 - current; Elected, Vernonia City Councilor; 2018 - current; appointed to Columbia County Public Safety Coordinating Council; 2019 - appointed member of Columbia County Economic Advisory Committee; 2010-2015 - Vernonia Planning Commission; 2011-14, 2016-current, City of Vernonia Budget Committee; 2008-2009 - Staff to Governor's Oregon Solutions Team, assisting Vernonia's flood recovery

I moved to Vernonia from Colorado with my husband and daughter in summer 2006. We were drawn to Vernonia for its location, its people, and because we knew Vernonia would be a great place for our daughter to grow up.

When the flood hit on December 3, 2007, I knew I needed to step up and give back to the community that had become my chosen home. I showed up at City Hall and volunteered to help, working sometimes 18 hours a day at the beginning of the emergency. I was hired by Community Action Team in January 2009, and continue to serve communities throughout Columbia, Tillamook and Clatsop counties.

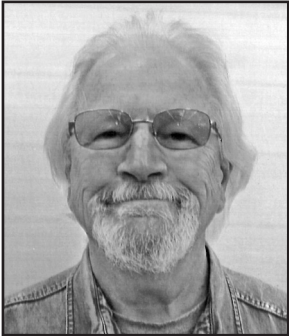

I firmly believe in investing in my community, financially and physically. I have been very involved and active in Vernonia, assisting many different local groups and organizations, through grant writing, committees, and fundraising activities. I worked at the schools as a special education aide and parent volunteer. My broad and varied experience and background has served the community well as a member of the City Council.

I love being part of the solution, working with my neighbors, listening to my fellow community members, and helping Vernonia continue moving forward in a sensible and level-headed manner.

I've always believed you can't just say "someone should do something." I want to continue to be that someone, to continue to serve you as your City Councilor.

It has been my honor to serve you on the Clatskanie PUD Board of Directors representing Subdivision 1. As a director my duties have included Board Treasurer, Vice-President and currently Board President. I have worked to maintain the lowest residential power rates in Oregon, provide new infrastructure to assure your electricity is delivered reliably, user friendly office hours and insuring safety for customer/owners and employees.

The CPUD is in a new era of regulation and government requirements. It is essential that directors are informed and prepared to effect changes that benefit our customer/owners. I have represented CPUD on the Northwest Public Power Government Relations Committee and at Public Power Council, meeting with Bonneville Power Administration to identify strategies that reduce our power costs. My participation at Special Districts Association of Oregon has resulted in substantial cost reductions to the PUD. I continue to support the Arrowrock project. The power purchase contracts of clean renewable energy enabling CPUD to exceed state requirements and selling power and renewable energy credits out of district to reduce your monthly bill. Maintaining power rates at a competitive advantage will keep and stimulate employment in our community. I will continue to serve you with integrity and insure that your participation is valued and encouraged.

Measure 5-278

BALLOT TITLE

COLUMBIA COUNTY GUN SANCTUARY ORDINANCE
LIMITING FIREARM REGULATION

QUESTION: Should Columbia County officials be prevented from enforcing most state, federal, and local firearm regulations?

SUMMARY: This ordinance would prevent Columbia County and its employees from devoting resources or participating in any way in the enforcement of any law or regulation that affected an individual's right to keep and bear arms, firearm accessories, or ammunition.

Although this ordinance would generally prohibit county officials from following firearms regulations, exceptions would be allowed in certain limited situations. County officials could still comply with firearms laws that relate to convicted felons, could still participate in the enforcement of firearm crimes, and could still take any actions necessary to comply with court orders.

Violators of this ordinance would be subject to civil penalties such as fines up to \$2000 dollars for individuals and \$4000 dollars for a corporation.

Measure initiated by petition.
Explanatory Statement is not applicable.

ARGUMENT FOR

Argument In Support of Measure 5-278. Columbia County 2020

Voters have a stark choice in November. Even as Portland politics continues to condone chaos on our streets, efforts continue to make sure you are helpless to protect yourself and your family.

Make no mistake and don't believe the propaganda. All ballot measure 5-278 does is ensure your right and ability to defend your life and the lives of your loved ones.

Year after year, politicians in Salem and extremists in Portland work overtime to enact new laws and rules to restrict your 2nd Amendment rights or make self defense firearms useless, if available at all.

Measure 5-278 protects Columbia County residents from the ever expanding reach of big city radicals who are promoting violence and supporting unchecked criminal behavior while demanding that you be helpless when your town or home is targeted.

This year send a message to the militants that their out-of-state money can't buy your silence or intimidate you.

Measure 5-278 is a simple, common sense measure to guarantee that you and your family do not become the latest victims of the senseless violence Oregon's elected officials are promoting.

The same people who are looting and destroying property are demanding that the police be neutered.

Don't stand by while your rights, your liberty, and even your life are placed in jeopardy. Vote yes on Measure 5-278.

Ranier Cemetery District

Measure 5-283

BALLOT TITLE

FIVE-YEAR LOCAL OPTION TAX FOR CEMETERY OPERATIONS

QUESTION: Shall the Rainier Cemetery District impose \$0.05 per \$1,000 of assessed value for five years for operations beginning in 2021-2022? This measure may cause property taxes to increase more than three (3) percent.

SUMMARY: The Rainier Cemetery District will use the tax revenue from this measure to operate the district at an increased level of service. Without the additional revenue the district will be unable to replace equipment and hire additional part-time staff needed for the daily operation of the district's twelve cemeteries. The proposed rate will raise approximately \$75,166 in 2021-2022, \$81,180 in 2022-2023, \$87,674 in 2023-2024, \$94,688 in 2024-2025 and \$102,264 in 2025-2026 for a total of \$440,972. The estimated tax cost for this measure is an ESTIMATE ONLY based on the best information available from the county assessor at the time of the estimate and may not reflect the impact of early payment discounts, compression and the collection rate.

EXPLANATORY STATEMENT

Implementing a five year local option levy for the purposes of cemetery operations will provide funding to increase our level of service to the District by allowing the hiring of a part-time office support staff member and replacing aging equipment. In addition to office support, the additional funding will allow the District to contract for additional landscape maintenance support during the peak mowing season, May 15-July 15. Community members who frequent any one of our twelve cemeteries on a regular basis have commented that the level of maintenance and care has declined.

Currently, our Sexton maintains twelve cemeteries (approximately 37 acres of land covering 25 miles between Rainier and Clatskanie, with cemeteries in Quincy/Mayger, Delena, Prescott, Goble, Apiary and West Deer Island), meets with the families, plans and carries out all burials, processes all of the paperwork for burials that is required by the State of Oregon Mortuary Board, as well as, processing all paperwork mandated by his duties as Sexton to the District. By adding the additional support staff, our Sexton will be better able to devote more of his time taking care of the families and their loved ones final resting place, as is his number one priority.

The District's permanent tax rate was established in 1962 at \$0.07090 per \$1,000 of assessed value and is severely inadequate to fund current staffing needs, as well as replace the aging equipment used every day to service the needs of the District.

This levy would be for five years beginning in 2021-2022 fiscal year. The levy rate of \$0.0500 on a home with an assessed value of \$150,000 would be an additional \$7.50 per year.

Having adequate staffing levels, much needed equipment replaced and operating supplies are so very important when taking care of your family's final resting place.

ARGUMENT FOR

DISTRICT CEMETERIES: APIARY, CEDAR HILL, GREEN MOUNTAIN (N & S), HUDSON, KNIGHTS OF PYTHIAS, KOBEL, MAPLEWOOD, MAYGER, MURRAY HILL, NEER CITY, STEWART CREEK, WOODBINE

I encourage all 8500 registered voters living within boundaries of the Rainier Cemetery District to go to their website and take a look at the absolutely beautiful property that we are so lucky to have for the final resting places of our ancestors, and perhaps, ourselves.

It would cost you \$10,000 to find a "prime burial plot" in Portland Or. Surrounded by a large, noisy city. Our cemeteries lay on prime property surrounded by nature. Our district only charges \$800 for a gravesite in one of their cemeteries. But, they can't afford the manpower needed to maintain the 13,000 gravesites on the 37 acres of land that is inside the district.

How can the need for more than one employee not seem logical to the voters in the district? Don't they know what is expected of this one person?

1. making all required recordings of death each time one occurs, as mandated by the State of Oregon
2. handle all inquiries from the public about the location of gravesites
3. selling gravesites in 10 of the 12 cemeteries
4. caring for the condition of graves in all 12 cemeteries
5. caring for all landscaping of all cemeteries; that means constant mowing April to September, in addition to pruning, clipping, earth movement, etc.
6. placing headstones and urns for families in all 12 cemeteries
7. maintenance of all of district equipment and property
8. everything else required of someone handling the business of death.

The cost of the requested 5 year tax levy for a PROPERTY OWNER, would be \$0.05 per \$1000 of real property value. Example: \$300,000 = \$15.00/year (\$500,000 = \$25/year). That would be the cost to show respect to the dead, and those who will be dead, and buried in one of the 12 locations within the district. It is well worth the cost of \$25 a year per household to keep it in the condition our forefathers intended when they made this land available and created our cemetery district in 1950. The cemeteries are falling in disrepair as resources are drained.

In the May election, only 3500 people in the cemetery district even voted! Of those 3500 people, 52% voted against providing ongoing maintenance, and safe working conditions for the one employee that is expected to do it **ALL**.

Cemeteries reflect the values of their communities. Our communities are presenting a sad reflection to those visiting our cemeteries.

Ranier Cemetery District

Measure 5-283

Paul and Judy Nys
Shirley Susan Roberts

ARGUMENT FOR

To the voters of the Rainier and Clatskanie area: I am writing in support of measure 5-283, the Rainier Cemetery District 5-year maintenance levy. As stated in the explanation, the levy is 5 cents per 1000 valuation, in addition to the 7 cents per thousand tax base. I am not a present or past member of the cemetery board, but I have people planted there going back four generations. I want our local cemetery to look nice, but how can a single employee keep the dandelions mowed and the fences repaired on twelve locations, totaling nearly forty acres? This is in addition to keeping the records, selling plots and opening and closing graves. The board is not asking to increase the tax base, although that is sorely needed. They are asking for a levy to replace worn-out equipment and hire a little help; to have a little cash on hand to cover unexpected expenses, like well or building repairs. This levy has been before the voters twice before. Please consider the small price asked to just maintain the existing properties.

Please vote YES on local Measure 5-283
